NOBOCAP

Medical Device (MDR) Postgraduate Training – Module 2

Are you looking to further your knowledge of the Medical Device Regulation (MDR)?

□ Introducing our online postgraduate-level module – **Generating Data for Technical Documentation** – starting on March 4. □ This advanced course is designed to build upon the foundation of Module 1.

Why Choose Module 2?

- ✓ Master compliance with technical file requirements.
- ✓ Upskill and stay ahead in the dynamic medical device industry.
- ✓ Become an integral part of our network dedicated to driving change in the industry.

Apply Now → <https://forms.office.com/e/7KcA0GswNc>

Secure your spot by applying before the end of February!

*Places are limited and priority is given to those who successfully completed Module 1.

If yes, then apply for
one of our
EU-funded,
online modules.

Survey for Medical Device (MD) and *In Vitro* Diagnostics (IVD) developers

Target survey audience: aimed mainly at companies engaged in the development of MD and IVD (including big companies, SMEs, startups, spin-offs).

We Need Your Insights for shaping the training curriculum developed under the NoBoCap Project!

Participate in Our Brief Online Survey!

Your voice is crucial. By taking a few minutes to fill out our anonymous survey, you provide us with essential insights that will directly shape the future of our industry.

Why Your Input Matters:

- ✓ ***Shaping Future Training*** – Your experiences will directly influence how we address market needs and regulatory compliance through our training programs;
- ✓ ***Advancing Medical Device Technologies*** – Contribute to a project that's leading the integration of learning for new and emerging technologies in the medical device arena;
- ✓ ***Community Building*** – Your participation also helps in creating a dedicated job board, streamlining the hiring process, and facilitating targeted recruitment in our sector.

Your feedback is not just valuable; it's transformative! It ensures that our efforts in developing impactful training modules and resources are tailored to the specific needs of our industry.
